Mentor's Corner
Show children a few pictures of country landscapes. Ask them to identify the difference between two. Create a story by holding up a picture and having the children describe the 'country' when you flash the picture.

Mentor's Corner

Fold a large sheet of paper long like a hot dog bun and trace a dog on it (head, body, tail, and two legs). Cut out the dog shape and fold it. The dog will stand up on four legs (the back is the fold of paper). Use a string and tie it around the neck and take your dog for a walk.
